5th December, 2019

Technical Seminar on "Rubber and its usage in Industry" was jointly organized by MSME Committee, GCCI and Rubber Manufacturers' Welfare Association on 4th December, 2019. Key representative from the Pharma, Chemicals, Textile, Engineering and Rubber Industries participated in the seminar.

Shri Bhargav Thakkar, Vice President, GCCI welcomed all the participants in his Opening Remarks and stated the importance of rubber for the industries. He remarked that the technical seminar on rubber will be very useful to the end users of every sector of industry.

Shri Ajay Patel, Chairman, MSME Committee, GCCI introduced the theme of the seminar to the participants.

Shri Yashodhar Kahate, Secretary RMWA gave a brief introduction about the Rubber Manufacturers' Welfare Association and discussed the objective behind the seminar. Further he stated that rubber buyers from different industries should carefully select rubber products by getting necessary tests done.

Shri Manoj Shah, Rubber Technocrat and Consultant, was the Guest Speaker for the event. He made a detailed presentation on the topic and explained in detail which rubber should be used for particular industry, features and specifications of rubber, applications of rubber in different industries and required tests that need to be done before selecting the rubber products.

The participants got the opportunity to raise their queries and clear the doubts during the Q&A session.

Shri Tejas Mehta, Co-Chairman of MSME Committee concluded the event with vote of thanks.
