

3rd August, 2019

GCCI/DYSGR/FIN&B/2019-20/7839

To,

- **Leading General Insurance Companies in Gujarat**

Sir/Madam,

Sub: Request for organizing Claim Clinics at Taluka and District levels for timely settlement of claims from industry and trade in view of the recent heavy rains

Greetings from Gujarat Chamber of Commerce and Industry (GCCCI).

As you are kindly aware, our state Gujarat has been witnessing unprecedented heavy rainfall over the past few weeks, due to which routine activities have been affected in many districts. Due to the heavy rainfall, industry and trade have also been badly affected in the state and normal day-to-day work has either completely halted or is going on at snail's pace.

Sir, in view of the current situation, there is a very high probability that a large number of insurance claims will be made by the affected industries/businesses in the coming weeks.

As the apex trade and industry body in the State, GCCCI therefore strongly suggests that your esteemed company should take proactive measures to ensure that these insurance claims are duly assessed and reimbursed at the earliest. **For this, we suggest that Claim Clinics should be organized at Taluka Level or at least at District Level across Gujarat in the coming week.** This will ensure timely settlement of these claims and trade and industry would be able to minimize their losses.

Also, we request you to kindly keep us informed of the schedule of such Claim Clinics planned by you as well as any other development in the matter from your end, so that we may inform our members accordingly.

We look forward to your positive intervention and support in the larger interest of the State's trade and industry.

Thanking you in anticipation,

Sincerely,

Durgesh Buch
President
