Respected Madam,

**Sub: Denial of VAT Concession due to technical issue of time period lapse.**

Greetings from the Gujarat Chamber of Commerce & Industry.

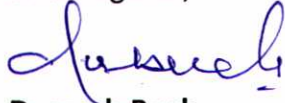

We have received representation from our Regional Chamber member, "The Southern Gujarat Chamber of Commerce & Industry, Surat" wherein they have mentioned that a party named Ambaji Geotex Pvt. Ltd. had applied for the assistance package of VAT refund under the Gujarat Textile Policy-2012. However, as informed to us by SGCCI, they missed out on the time period of 120 days for submitting application, due to which their application has been rejected.

Madam, the unit has invested huge amounts in plant and machinery and therefore this rejection of application based only on technical grounds shall create problems for the unit.

We therefore request you to kindly consider this case as well as other similar cases sympathetically and take favourable decision to pardon the delay in application in the forthcoming Approval Committee Meeting.

We look forward to your positive intervention in the matter.

With regards,

**Durgesh Buch**  
President
