Sub. Non- Clearance of imported materials containers at various
ICD of the country/state and customs department

Respected Sir,

Greetings from Gujarat Chamber of Commerce & Industry.

Sir, we have represented earlier in our letter dated 25/06/2020 that we have been receiving many complaints regarding non clearance of import at various ports in India.

Apart from the impending fear of losing the export orders, the importers also have to pay huge demurrage charges which is an additional loss. The export business is already suffering due to the lockdown as a result of the COVID-19 pandemic and such actions cause the situation to worsen further. Further, the exporters are unable to capitalize on the increased export demand for products such as pharmaceuticals due to such non clearance of cargo.

Hence, we humbly request you to look into this matter on top priority and do the needful, so that cargo is cleared fast and the export business does not have to suffer further.

We look forward to your positive intervention in the matter.

With Regards,

Durgesh Buch
President
